Uniontown Prepares Welcome

Mexico Faces Big Labor Problem

New Piano Store Opened to the Public

The opening of Monessen's only and exclusive piano store, under the management of Charles H. Wilt, was an event of yesterday. Two car loads of the famous Lester pianos were on display, including player pianos. The room was tastefully decorated with ferns and flowers and was very attractive. Many people, both lovers of music and prospective purchasers for the famous Lester attended during the day. A musical program was carried out during the afternoon and evening, the Giles orchestra of Pittsburgh with Mrs. A. G. Lewis of Charleroi, soloist, furnishing the entertainment. Those who attended enjoyed the excellent program.

In opening his store here Mr. Wilt gives to the town another creditable enterprise. For many years he has been associated with the piano firm of E. G. Hays and company and he has made weekly trips to the town. Hundreds of the famous Lester instruments occupy favorite places in the homes of the town and the upper valley and demands for a store of this kind had been a reality for many months.

Difficulty in securing a suitable room for such an enterprise delayed the start for more than a year. The room occupied at number 50 Sixth street was built expressly for this store and it is large and attractive and is fitted up in fine style

Mr. Wilt was honored yesterday with the presence of Mr. Horace Hays, junior member of the E. G. Hays company, and he congratulated the new proprietor for the good taste of the store and the general indications of success. The business will be conducted under the personal direction of Mr. Wilt, who will at all times have the most courteous and obliging employees and who will do everything in his power to please the public. The store is now a permanent fixture and any person wishing to purchase a piano any style and at any price will do well to visit this well known and responsible firm.

Concert Pleased

A crowded house greeted the Fine Arts Quartette, a musical aggregation, which appeared at the High School auditorium last evening. This was the second number of the Board of Trade entertainment course. The company was composed of four members, all artists and they gave an entertainment that pleased all present. Several numbers were given in costume, which gave a little novelty to the entertainment. The next number of the course will be given February 23, when the "Comic Singing Girls," will appear here. This is said to be a large company with a program sure to amuse Several other good numbers are also on the schedule.

Birthday Party

Thursday evening 27 friends met at the home of Verselles Smock by surprise of his twelfth birthday, and an interesting and pleasant evening was spent in games, reciting, singing and music. A most delicious lunch was served by Mrs. Smock assisted by Mrs. Charles Smock and Mrs. Thomas Feehan, Jr. The honor guest received many beautiful and useful gifts. The guests departed for their homes wishing Vercelles many happy returns of the day. Those present were:

Emma Dale, Louie Buckover, Marie McCleary, Sara Harvey, Thelma Hopkins, Gunhill Efferson, Florence Winstone, Margaret Destefano, Vera Chambers, Alice Campbell, Vernette Leonard, Lorene Leonard, John Buckover, Frank Dale, Albert Destefano, Richard Campbell, Willis Leonard, Harwood White, Howard Sauers, Earl Gates, Jay Smith, Roy Grant, Ray Smith, Lawrence Gowley, Edward Bergsteadt, and Oliver Feehan.

Threw Self Under Train

(By United Press)

Sharon, Nov. 13.—Declaring that she did not care what became of her Alice Young Ludgren, aged 20 years of Letonia, deliberately walked in front of an engine and was instantly killed. She is believed to be the wife of Earl Ludgren of Youngstown.

Surprised Friends

Miss Emma Sharrow of this city and John Stark of Belle Vernon, sprung a surprise on their many friends Thursday, November 11, when they went to Pittsburgh and were quietly married. They went to Pittsburgh presumably to witness the Armistice Day parade, but instead proceeded to a minister's in the city, where they were joined in the holy bonds of matrimony. Upon their return home they announced their marriage to friends and relatives who were unaware of the plans of the young couple.

Miss Sharrow has been an efficient employee of the Monessen Trust company for the past three years, and will retain her position until the first of the month. Mr. Stark is a resident of Belle Vernon, but for some time has been employed at the Pittsburgh Steel in this city. The young couple will take up housekeeping in Monessen.

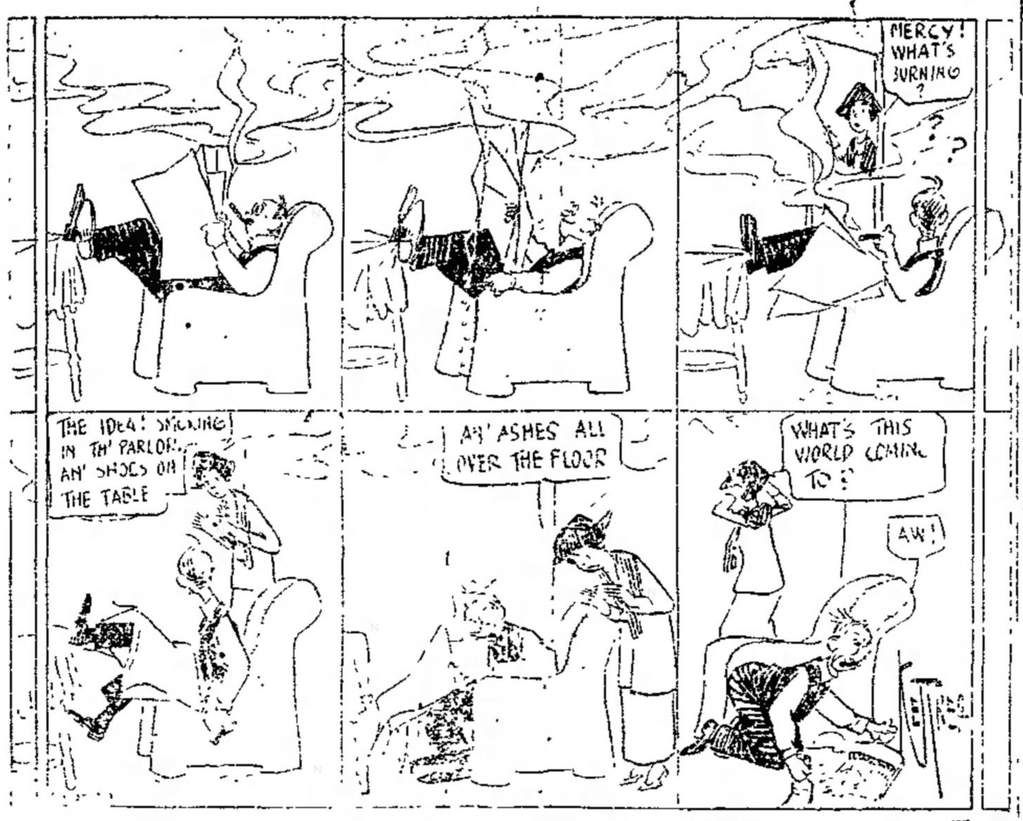
Railroaders Organize

But few persons are aware of the fact that Belle Vernon is headquarters for a railroad employees organization, one of the largest in the valley with over 300 members who are working for the good of each other. The name of the new lodge is Monongahela Valley No. 117, United Association of Railroad Employees and started in July with 30 members. It now has over 300 and is still growing. The meeting place is Kittle's hall in Main street. It is as its name implys, a railroad man's organization and any employe can join. The slogan is "A Square Deal for Everyone. All for One. One for All." The present officers are: W. Braithwood, president, Fayette City; C. R. Loop, treasurer, Newell, and C. E. Hall, secretary, Belle Vernon.

Young Lad Injured

Samuel Smith, a young Donora lad, a member of the High school football team, was badly cut about the head and arms last evening. With a number of companions, he was standing in front of the Goldstein clothing store and in some manner was jostled and went thru the large plate glass window. He was removed to his home and no serious results are expected.

The End of a Perfect Day



MERCY! WHAT'S BURNING?
THE IDEA! SMOKING IN TH' PARLOR AN' SHOES ON THE TABLE
AN' ASHES ALL OVER THE FLOOR
WHAT'S THIS WORLD COMING TO?
AW!

UNIONTOWN GETTING READY FOR BIG GAME NEXT SATURDAY

The following story appeared in the Uniontown Herald yesterday:

Coach A. J. Everhart, of the Uniontown High school football squad is giving his team a well deserved rest this week with light practice sessions being held Wednesday evening and Friday evening. Next week, however, he will again start scrimmage practice and make final preparations for the game with the Monessen eleven, which, at the present time has not been defeated this season, and has a strong claim for the championship of Western Pennsylvania. The game with Monessen here Saturday, November 20, is the last game of the season on the local schedule.

The two teams have met twice before, the Monesson outfit being the victor on each occasion. This year with one of the best teams that has been developed at the local institution since that of 1916, Uniontown thinks it is their year for a clean up. But one team has won over the locals so far this season, Washington, by a score of 7 to 0. Later in the season Washington was held to a 0-0 score by Charleroi, which team went down to defeat at the hands of the locals 25 to 7. Thus, the locals, if they defeat Monessen in the game next Saturday will be in a position to dispute the claims of any of the teams claiming championship honors.

It has developed that Hackney's leg was seriously injured and that he will be out of the game for the season. The doctors say that he could get into the Monessen game, but Coach Everhart is not taking any chances with his leg being hurt again, and will keep him out of the game. Hackney is expected to be one of the main standbys of the basketball teams this season. Robert Nixon is being groomed to take Hackney's place at right halfback. Nixon is the fastest player on the squad and will be a great help to the locals in running the ends.

City Evacuated

(By United Press)

Constantinople, Nov. 12—Unconfirmed dispatches received here today reported that Sebastopol, principal headquarters of Baron Wrangel, has been evacuated.

Sebastopol is on the southwestern most tip of the Crimean peninsula. It is more than 100 miles south of Perekop, the strategic point on the isthmus which Wrangel was trying desperately to hold against the advancing Bolsheviki.

According to dispatches the soviet forces gained their entrance to the peninsula by crossing the frozen Sea of Azof to the eastward of the isthmus. While Wrangel's men were engaged with the Red troops around Perekop, who launched attack after attack the Bolsheviki who had crossed the ice attacked them from the rear. Fear was expressed that the Wrangelite forces about Perekop were annihilated.

With the way thus opened the Reds poured into the Crimea practically unopposed, the dispatches indicated, only rear guard actions being fought by Wrangel's troops to cover reported evacuation of Sebastopol. Huge quantities of munitions were believed to have been destroyed by Wfangel or to have fallen into the hands of the Bolsheviki.

An intimation of the impending disaster was received here when a great fleet of merchant ships left this port hurridly, presumably for the Crimea to remove the refugees.

Marietta Ohio, Nov. 12—Temporary insanity, it was believed today, impelled Mrs. Mollie Woolfort, 38 to cut the throats of her two young daughters, Alice 5, and Esther 3, and then commit suicide on a farm near here. The three bodies were found in a cistern by the woman's husband and 10-year-old son late yesterday.

Police said the indications pointed to the woman throwing the bodies in to the cistern and then cutting her own throat and plunging in.

Rain Spoils Plans

By RAYMOND CLAPPER
(United Press Staff Correspondent.)

Point Isabel, Texas, Nov. 13.—Almost impassible roads, following a 24-hour rainfall Senator Harding virtually stranded on Point Isabel today.

Fishing was made impossible by the heavy northern wind, which has raged two days. The President-elect had planned a day golfing in Brownsville, but roads in this part of Texas are unsurfaced and a slight rain makes them exceedingly slippery and miry in spots, and it was doubtful whether Harding would venture on the trip.

Whether Harding gets any outdoor exercise today or not he has the prospect of a big turkey dinner. The Chamber of Commerce at Cuero, Texas, sent him a mammoth gobbler in a crate modeled in the form of a miniature White House.

Harding let it be known today that he will not enter territorial waters of any other country on his Panama trip. The American minister to Venezuela, Preston McGoodwin, extended the President-elect an invitation to visit Venezuela and Columbia, but Senator Harding indicated he would not accept.

Plans for the departure from Point Isabel next Wednesday are complete. Leaving at 10 a. m. the party arrives in New Orleans at 10 a. m. Thursday, November 18, Harding will go to the chamber of commerce for luncheon and a speech. The boat sails for Panama at three o'clock in the afternoon.

Strike Spreading

(By United Press)

Vera Cruz, Nov. 13—The general strike, called in sympathy with striking stevedores in this port, is spreading along the entire Gulf coast, according to advices received here today.

The walkout had spread throughout Yucatan. Ten strike-breakers who attempted to take the places of stevedores in Progreso (in Yucatan) were reported to have been killed by strikers.

Practically all workers in Tampico (in the state of Tamaulipas, near the Vera Cruz state boundary) quit their jobs at one o'clock yesterday afternoon and paraded the streets, singing revolutionary songs.

Strikers attempted to blow up the customs house here late yesterday. Owing to effective measures the bomb failed to explode. All business houses in the city have again been closed and troops have been called out to preserve order.

Dispatches from Yucatan, where the general sympathetic strike was preceded by fighting between Socialists and federal troops, declared that "anarchy is rampant" in that section.

Owing to collection of large funds presumably in preparation for just a situation as the present, the strikers everywhere were said to be in a position to hold out for a long period.

The government is understood to have assumed a policy of non-interference unless the strikers commit overt acts.

Appointments Made

Washington, Nov. 13—President Wilson today appointed Frank J. Lymington of Maryland, Commissioner of Pensions, Frederick A. Rowe of California, Immigration Commissioner and Carl A. Mote of Michigan Solicitor of Interior Bureau.

Mildred Harris Free

(By United Press)

Los Angeles, Cal., Nov. 13—Mrs. Mildred Harris Chaplin will receive $5,000,000 through the settlement by which she obtained a divorce yesterday from Charles Chaplin, movie actor, it was reported today.

One of the terms of settlement was that the name of Chaplin should not be used professionally by the former wife. The court approved other terms of the settlement providing for payment of $50,000 immediately and $5,000 within a year by the husband.

The divorce was obtained on grounds of cruelty. Chaplin was represented by an attorney.

Ammunition Smuggled Into Mexico

By RALPH TURNER
(United Press Staff Correspondent.)

Mexico, City, Nov. 13.—A general strike, attended by serious disorders, has been declared throughout the province of Yucatan, according to official dispatches received by the war office today from Merida.

Railway employes, dock workers, and powder plant operators were said to have gone out in sympathy with the striking stevedores in Vera Cruz. The situation was described as "extremely critical."

Pitched battles occurred in Vera Cruz when foreign shipping companies attempted to employ strike-breakers. The strikers attacked them, carrying red flags and shouting, "Viva la soviet."

Farm hands in the state of Pueblo are reported to have been unionized and are prepared to join the general strike unless they receive wage increases.

According to government officials, a plot has been discovered for a big demonstration on the night of November 30 the date of Alvaro Obregon's inauguration as President. Arms and ammunition have been smuggled across the American border for this purpose, it was said.

Party for Little Tots

Mrs. Carl Woodward entertained a number of little folks at her home on Reed avenue yesterday afternoon in honor of the fifth birthday anniversary of her little daughter, Betty. The hours were from 4 to 6 and the time was pleasantly spent in children's games. Mrs. Woodward was assited in entertaining the little ones by Mrs. John Gibson, and a pleasing lunch was served. The guest list included: Francis Sullivan, Russell Smythe, Bobby and Joe Rodgers, Catherine and Wayne Roberts, Walph Palmer, Gene and Jack Gibson, Margaret Summers, Rose Margaret Smith, Dorothy McCanuel, Marion Winchell, Page Gemmill, Mary Catherine Boll, Ada Todd, Betty Schilling, and Billy, Betty and Eleanor Woodward.

Another Mystery

(By United Press)

Chicago, Ill., Nov. 13.—Another murder mystery has been unearthed here by the finding of a man's head in an ash barrel in the rear of a cabaret. The head was decapitated just below the chin. The body could not be located. Surgeons say the work was that of an expert and that the man had been dead less than three months.

Hotel for Women

A hotel exclusively for women, the first of its kind in Philadelphia, opened in that city the last of October. "The Betsy Ross" has been suggested as the name of the hotel but has not been decided upon. One of the features is a cafeteria where meals can be secured in a hurry and where several rest rooms with hostesses make a pleasant social center. A mending and repairing shop where small odd jobs will be done is also a feature. The hotel, formerly an apartment hotel, was purchased and is being managed by the Business Women's branch of the Y. W. C. A. in Philadelphia. It will accommodate overnight guests as well as guests for a week or more. The enterprise is not subsidized in any way and is being conducted on a paying but not profiteering basis.

Great Day for Pythians

Today is a great day in Pythianism in Monessen. A special train arrived here at 3 o'clock, bearing 300 members of the McKeesport lodge. The members from the Tube City lodge will present the first ceremony of the Fall and Winter campaign of KaLaab Temple, No. 212, Dramatic Order Knights of Lorassam. A six o'clock a banquet will be served at the Turner hall by the Pythian Sisters. Plates will be set for 500. Immediately following the parade, the Pythians will fall in line and march to the High school gymnasium where the degree will be conferred. The Louhi band will lead the procession.

Flooded With Dope

Uniontown, Pa., Nov. 13.—State agents will be asked to assist the Fayette county authorities in finding the source of the drug supply in Fayette county, particularly in Uniontown, Brownsville and Connellsville. It is claimed that a large amount of heroin is being imported into Uniontown, presumably from West Virginia, although the officers state that they have every reason to believe that much of the "dope" is being sent out of Pittsburgh.

Fayette county has been flooded with the drug within the last ten days and cases of excessive use of it are daily being reported to the police.

Organized Baseball

(By United Press)

Chicago, Nov. 13—Federal Judge K. M. Landis today began his work as "big empire" of organized baseball.

Sixteen owners of major baseball clubs after scrapping the twelve club league proposal signed terms of peace and unanimously offered Judge Landis the control of baseball affairs for seven years at an annual salary of $42,500. He accepted. Judge Landis will not resign from the bench.

The appointment of Judge Landis and the declaration of peace followed a four-hour joint session of financial interests of the major leagues. Attorneys, league officials, and others were excluded from the meeting. The action ends a baseball war declared last Monday.

(By United Press)

Salem, Ohio, Nov. 13.—With only eleven new cases reported today, the typhoid epidemic which has been prevalent here, is believed to be checked. The tenth death occurred yesterday. The number of positive cases reported is 762.

Educators in Conference with Treasury Officials

Some of the most prominent educators in the United States gathered in Washington yesterday and today to confer with officials of the Savings Division of the Treasury Department. Their mission is to work out with treasury officials plans and materials for making simple principles for the saving and investment of money a permanent and compulsory part of the American public school curriculum, and for the use of government saving securities as the practical medium for applying those principles.

This group of educators was selected by the state superintendent's section of the National Educational association at its convention in Salt Lake City last July. Ever since the war the educators of the country have recognized the necessity of training children in the principles of financial safety, and this committee was appointed so that they might evolve with the Treasury officials a system for instruction and practice of thrift which would be available for use throughout the entire country.

Resumption of Freight Embargo Threatened

A resumption of the partial embargo by consignees. Representatives will communicate with consignees, seeking their co-operation in the prompt release of equipment. Should these efforts be successful, it is clearly apparent that the only remaining course will be to make further restrictions until the accumulation is materially reduced."

The territory which would be affected by the embargo is bounded by New Castle, Pa., Niles, Alliance, Steubenville and Wheeling Junction, W. Va., on the west, and Berea, Greenburg, West Appolo and Ford City on the east.

REPUBLICAN IN POLITICS

CHANGE FOR THE BETTER

One result of the new administration will be a thorough renovation of the Department of Justice. Never as in the last three years has that Department been armed with more drastic laws for the welfare of the people and never has the Attorney General seemed so little inclined to discharge the functions of his office.

Congress afforded the public ample protection against profiteers through the medium of the Lever act, but the almost complete failure of the Department of Justice to make that protection effective is notorious. Seditious utterances and conspiracies against the government were made subject to heavy penalties, but never has the Government been so openly defied as during the term of the present Attorney General.

Except for a few spasmodic "drag-nets," most of the victims of which were eventually freed, there has been no real attempt to make the law effective. Everybody is familiar with the utterly unwarranted act of Mr. Palmer in telling the Louisiana sugar growers that if they charged 18 cents for their product he would not prosecute them, which resulted in a huge tax on every household in the country.

More might be said, but the incompetence and impotence of the Department of Justice as now constituted is sufficiently notorious. Fortunately the housecleaning is only about four months away.

ADJUST ACCOUNTS

A movement is under way to pursuade the allied governments to consent to the exchange of the $10,000,000,000 of their promissory notes now held in our treasury for an equal amount of bonds with a definite maturity date.

If the exchange is made it is proposed to offer the bonds to the holders of Liberty bonds in exchange for the securities, the new issue to bear a higher rate of interest to make it more attractive.

In that way it is hoped to retire about half of the Liberty Bonds now outstanding, reduce the annual burden of taxation about $500,000,000 now needed for interest, release bank credits at present tied up in loans on Liberty Bonds and make the money available for housing projects and other constructive work, and thus materially reduce the cost of living.

A LITTLE STORY

Edward Bok tells in his remarkable autobiography the story of a young woman—husband and wife—who transformed a bleak and barren island off the coast of Holland into a place of beauty, the home of happy people and thousands of song birds that found on the island a refuge from the stormy terror of the North Sea.

Once the headquarters of pirates the rock-bound island became the resort of artists and lovers of birds; a place of appealing and picturesque beauty.

Instead of a barren, treeless waste the young man, governor and judge of this little detached segment of Holland, converted the island by the consistent and persistent planting of trees into a delightful retreat that attracted not only the nightingales and other feathered songsters, but all who admired the beautiful nature.

Having planted the trees the young official returned to the mainland and came back with his bride. From this happy union thirteen girls and boys were sent out into the world to make it better—to act upon the advice of the consecrated mother, who said to them: "Make you the world better because you have been in it." This was the inspiration of Bok's useful life, for he is a grandson of the island family.

In the tree-planting movement now under way in the United States let us all emulate this autumn the grandfather of the famous editor and publicist and plant a tree.

Those who come after us and bless the men and women of this day for providing shelter and beauty and shade for the enjoyment and comfort and health of the people who live in Monessen in the years to come. Plant a blessing for yourself.

Formerly girls used to drop out of school because they did not know enough to pass the exams, and now they quit because they haven't got money enough to buy swell clothes.

Six months ago the consumers were standing in line to get sugar. Now the sugar speculators are all standing in line at the banks to borrow money.

Up to date it does not seem likely that anyone can get elected merely by putting his lithographed picture in every store window.

Now that it is considered O. K. for the women to ask men to marry them, a lot of them consider it ain't worth the bother.

Cheer Up Club Maxims

(By United Press)

Philadelphia, Nov. 13—In exchange for $1 annual dues, scores of recruits were reported being added to the "Cheer Up—Don't Worry Club" here which was organized by the Rev. Dr. T. W. Davis, chaplain of the Pennsylvania State Senate.

The following seven "commandments" however, were to be observed and strictly abided.

1—Cheer up others and yourself.
2—Don't worry others or yourself.
3—Live and let others live.
4—Scatter sunshine wherever you go.
5—Don't cuss or get angry—it hurts you.
6—Greet everyone with a pleasant smile.
7—Laugh out loud three times a day.

IN MEMORIAM

In memory of my husband, Frank E. Carrier, who died two years ago tomorrow, November 14, 1918.

When evening shades are falling
And we are sitting all alone,
In our hearts there comes a longing
If you only could come home;
Time may heal our aching heart
Time may make the wound less sore
But time will never stop the longing
For our loved one gone before.

Sadly missed by his wife and his parents. 1tp

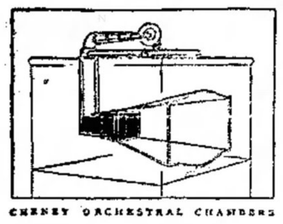
Like the Actual Orchestra in Your Home



CHENEY ORCHESTRAL CHAMBERS

Orchestral Chambers in THE CHENEY

From the pipe organ THE CHENEY takes the principle of these air chambers. Being successively larger in size, they develop the high, medium and low tones, keeping them in perfectly controlled balance.

It seems almost like magic to hear an orchestral record on THE CHENEY. Just as though the members of the orchestra filed in with their instruments at your bidding.

Symphony orchestras, popular dance orchestras or bands—all respond to your call, when you play THE CHENEY. And THE CHENEY alone can give you such a perfect treat. No other instrument has the orchestral chambers which reproduce every tone of every instrument so accurately.

Let us show you how THE CHENEY'S tone adjuster, reproducer, tone arm, acoustic throat and violin resonator also increase the charm of its music. If you cannot call, send us the coupon for the interesting CHENEY booklet.

Please send me without obligation your beautifully illustrated 32-page CHENEY booklet.

PUBLISH MY LETTER

Says Mrs. Ovenstein, So Other Suffering Women May Learn How to Get Well.

Chicago, Ill.—"I suffered for four years with pains in my sides, hips and legs and a terrible backache. I could not do any work at all. I was treated by many physicians but they did not help me. I read in one of your books where other women had been helped by Lydia E. Pinkham's Vegetable Compound so I tried it and it helped me very much so that now I can do everything in the house. I have told my friends about your wonderful Vegetable Compound and you have my permission to publish my letter so other women who suffer may learn how to get well."—Mrs. IDA OVENSTEIN, 902 S. Marshfield Ave., Chicago, Ill.

This good old-fashioned remedy is made from native roots and herbs and contains no narcotics or harmful drugs.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

FOOTBALL REFORMS AT MEETING

By HENRY L. FARRELL
(United Press Staff Correspondent)

New York, Nov. 13—Legislation requiring all football teams to number players may find its way on the gridiron lawbooks when the rules committee meets this winter.

Numerous other reforms are also being agitated. The committee is expected to go on record with a censure of the "scouting system" and the practice, becoming more and more prevalent, of coaxing star players away from other colleges and universities.

Numbering players, as a concession to the public, has been the subject of agitation for several years. The rules committee had it up last winter and disposed of the proposal with a resolution—"The committee recommends that all players be numbered."

Practically all of the major teams the numbering their players this season except Yale, Harvard and the two service academies

Princeton has been numbering the Tigers in every game and has announced the intention of doing the same thing in the big games with Yale and Harvard, although it seems likely that they will not do it.

Com. Douglas Howard, of the Naval academy, said after the recent Princeton-Navy game that the midshipmen would not be numbered in any game. If the navy takes this attitude it is certain the Army will do the same thing.

One of the objections is that "scouts" can pick out star players and that trick plays are more easily detected by numbers.

However, this objection will be overruled if some action is taken by the rules committee, or the athletic bodies of the big universities to discourage "scouting."

Princeton, the lone member of the "Big Three" to show any progressive ideas, has come out against "scouting" with the assertion that they will not do it in the future. A gentleman's agreement" is said to have been reached among the "Big Three" to discontinue the practice.

Last year after losing the annual game to the Naval Academy, the Army announced that it was going out and get players. The Navy howls that the Cadet management did go out and collect stars by a wholesale distribution of appointments.

Rutgers is also bewling about the same thing, having had a good team ruined by "desertions." Nine star players left and went to other universities, where they are starring this year. French and Stork went to West Point, Kelly to Yale, Alexander and Duffy to Fordham, Whitehill to Penn, meistrell to Princeton, and Hummell to Lafayette.

Some very interesting disclosures about the inducements being offered to prep school stars in promised for the winter meeting.

"TUBISTS" NEW ART GROUP

(By United Press)

London, Oct. 15—A new group of artists is forming in London they call themselves the "Tubists."

A picture painted for advertising purposes by Mr. C. R. W. Nevinson, the famous artist, failed to pass the Underground Railways' official censor who is responsible for all those advertising posters which bedeck the platforms and carriages. The censor's job is to see that the advertising designs shall give no nasty shocks to the moral system of all those provincial grannies and country cousins who have occasion to travel on the subways.

Nevinson's picture was intended to advertise a new play which was recently produced by Miss Viola Tree, entitled "The Unknown." This play deals with postwar religious controversy and the poster advertisement depicted a crucifiction—but the figure on the cross, though somewhat vague and undefined, was undoubtedly that of a nude woman.

"No," said the Underground Railways' official censor "this cannot be!" and Nevinson's picture was banned from London's "tubes" as the subways here are called.

Such a wealth of coloring and so much good taste is exercised in keeping the "tubes" decorative, that the platforms and passages have become known as "the people's favorite picture gallery."

Hence the "Tubists," who in their new school are trying with each other to succeed in satisfying the censor are, "remain not the nevertheless."

Canada Getting Better Immigrants

(By United Press)

Ottawa, Ont., Nov. 13—British immigration to Canada in the next year will depend upon the employment situation in Great Britian and shipping facilities, according to J. A. Calder, minister of immigration, who has returned from a six weeks trip to British Isles.

"If unemployment across the water is as serious this winter as expected," said Calder, "there will be a big movement to Canada if the people can come. I find, however, that all the North Atlantic steam-ship companies are booked for a year for regular and tourist traffic. The shipping situation should improve by spring, but it may be a year before immigration is heaviest.

"Better types of people are coming from the British Isles to Canada than ever before.

"The immigrants we are after are farmers' farm laborers and domestics.

Opening Sale of Lester Pianos Players and Grands

HAYS PLAYER PIANO
$595
During This Special Sale

If there is anyone in this Vicinity that intends buying a Piano within the next six months it will pay you to come to this Sale. Never before have you been given the opportunity of buying a strictly high grade Piano like the Lester at any such reduction in price. We absolutely guarantee you the above saving. The Lester Piano is one of the finest pianos on the market today regardless of price. Quality has always reigned supreme in the Lester Factory.

Six Reasons Why You Should Buy A Lester

First—Who makes it?

The Lester Piano and the Lester Player-Piano are made complete in one mammoth factory. The same men who built the Lester thirty-five years ago are still at the head of this huge plant and have guided its destinies through its entire history. Every part of the instrument, no matter how small or how large it is, and the entire player mechanism is completely made under one roof. Through every operation in its manufacture each part is under the most rigid inspection. Only the absolutely perfect piece survives these expert examinations. This means that the Lester is a complete whole, each unit Lester made and Lester designed to fit and work perfectly with every other unit. The advantage of this is obvious.

Second—How long will it last?

Few things so truly reflect the character and honesty of the makers as pianos. The kind that is put together to sell for a price inevitably wears out in a few years. The type that is not designed properly and made conscientiously is at best but a temporary affair. At the Lester factory only the most skilled workmen are employed; only the few finest materials are used; only the most scientific designing is accepted. Everything must measure up to Lester standards—the standards that have made it prominent for a third of a century. The Lester is an object of zealous endeavor on the part of the craftsman who make it—men trained to the tone and quality ideals of those who first conceived the Lester Piano. The remarkable stamina and durability of the Lester is phenominal, and the manner in which all Lesters hold their original sterling qualities of tone, action and finish makes them leaders in the field of high grade instruments.

Third—The tone

The piano is more than a machine. The art equation must be instilled into the inanimate materials through the human element, to the end that the tone shall be pure, clear, sweet and true. In the Lester this has been attained to a remarkable degree. Not only is the voicing of the instrument rich and mellow, but scientific construction enables it to hold its tone for an indefinite length of time. It stays in tune.

Fourth—The action

The action is the heart of the piano or player-piano. In the Lester it is easy and responsive. This means that expression and interpretation on the Lester soon become natural and instinctive. On the player-piano, the average person can play like a finished musician. The action of the Lester is so balanced and so free from friction that there is virtually no wear whatever incident to the playing It lasts.

Fifth—Design and finish

The design of the Lester is simple and artistic. Purity of line is sought, rather than elaborate, fancy scrolls. It will not become "out of date". Its superlative finish is exquisite and lasting. No matter what your style of furniture, you can get a Lester to match. Any wood, in any finish—satin, bright or craftsman—can be furnished.

Sixth—Guarantee

The guarantee of the Lester Piano Company amply protects the purchaser of any instrument bearing its name. The pianos and players carry their own message of tone and quality, and the commercial standing of the firm behind them assures perfet protection to every buyer. It is through satisfaction that this immense Lester business has been built—satisfaction of more than one hundred thousand users in all parts of the world. Could more than a hundred thousand people be wrong?

File Expense Accounts

Harrisburg, Nov. 11.—Most of the expense accounts filed with the secretary of the commonwealth by men who were candidates for presidential elector show no expenditures at all, or else less than $50.

Possibly a score of accounts have been entered. That of James Dobson, Philadelphia, shows $6,400 paid to the Folwell committee, while William Sauter and John C. Oliver show payments to campaign funds of national, state or congressional committees of $1,000 and $750, respectively.

Judge Sylvester B. Sadler certified to expenditures of $2,600, of which $2,500 went to the Republican state committee, and Auditor General-Elect S. S. Lewis certified to $3,005 of which $2,500 was paid to the Republican State committee.

"1900 Cataract" Washer

Saves Time and Money and Really Washes Clothes

The "1900" Cataract Washer is so simple in design and construction that no knowledge of machinery or electricity is necessary to produce work of the finest quality.

Considering laundress costs you actually save enough in one year to more than pay for the machine.

Our liberal offer of monthly payments will make you the owner of this wonderful Electric Washing Machine and Wringer.

We also offer free trial and demonstrations.
